Provisional GCSE Results 2019

DfE Measure	Outcome
English 4+	46%
Mathematics 4+	51%
Average Grades	7.6
Attainment 8/Progress 8	37/-0.84
EBacc Entry	29%

Attainment 8 (A8) and Progress 8 are new accountability measures. The DfE has introduced these to ensure all students' grades count; a point value is given for every grade achieved. Attainment 8 is a calculation based on a combination of subjects. Greater value is given to English and Maths GCSEs than other subjects. Greater importance is given to sciences, humanities and languages, they are counted in the 8 counting subjects ahead of other GCSE and non-GCSE results. Progress 8 uses the students results at KS2 in the SAT tests to give a target outcome for each subject at GCSE. Progress 8 is the measurement of the student's results compared to the progress expected from the KS2 SATs. The figure is either positive, in which case progress is greater than the national average, or negative, when progress is below national average. The figures given above are our provisional results and will change with remarks and the production of the national progress measure.
